Sir:

In response to the Office action dated November 29, 2002, Applicant wishes to amend the above-identified application as follows:

In the Claims:

Please amend claims 1 to 5 as indicated below:

1. (Amended) An optical disc with physical synchronization markers adapted to enable a counting of data points to thereby determine a radial position of a respective data point associated with said optical disc.

2. (Amended) A cover for use [us] with an optical disc assembly, said cover comprising physical synchronization markers adapted to enable a counting of data points to thereby determine a radial position of a respective data point associated with said optical disc.
